The media sends out messages that are dangerous to our physical, emotional and spiritual health. If you choose to believe those messages, you are setting up yourself and your children for lots of trouble.

Come discover what God says about who we are and what we should look like. You will walk away with new insight on how we can encourage our children to find their true identity. An identity that is rooted in **God's Word!**

Reservations NOT required! Any questions, please contact Jane Lopata at 251-2186 or janeal6@sbcglobal.net.

Pam DeRosa is president and co-founder of the **In Formed Ministry** www.informed4u.org.
